PURPOSE OF THE POLICY

This policy details how St Albans Girls' School, in relation to exams management and administration, ensures compliance with the regulations as set out by the General Data Protection Regulation (GDPR) Data Protection Act (DPA) Act 2018 and UK General Data Protection regulation (GDPR)

The delivery of examinations and assessments involve centres and awarding bodies processing a significant amount of personal data (i.e. information from which a living individual might be identified). It is important that both centres and awarding bodies comply with the requirements of the UK General Data Protection Regulation and the Data Protection Act 2018 or law relating to personal data in any jurisdiction in which the awarding body or centre are operating.

In these *General Regulations* reference is made to 'data protection legislation'. This is intended to refer to UK GDPR, the Data Protection Act 2018 and any statutory codes of practice issued by the Information Commissioner in relation to such legislation. (JCQ General Regulations for Approved Centres (section 6.1) **Personal data**)

Students are given the right to find out what information the centre holds about them, how this is protected, how this can be accessed and how data breaches are dealt with.

All exam office staff responsible for collecting and sharing candidates' data are required to follow strict rules called 'data protection principles' ensuring the information is:

- Used fairly and lawfully
- Used for limited, specifically stated purposes
- Used in a way that is adequate, relevant and not excessive
- Accurate
- Kept for no longer than is absolutely necessary
- Handled according to people's data protection rights
- Kept safe and secure

To ensure that the centre meets the requirements of the DPA and UK GDPR, all candidates' exam information, even that which is not classified as personal or sensitive, is covered under this policy.

Section 1 – Exams related information

There is a requirement for the Exams Officer to hold exam related information on candidates taking external examinations. For further details on the type of information held please refer to Section 5 below.

Candidates' exam related data may be shared with the following organisations/people:

- Awarding bodies
- Joint Council for Qualifications
- Department for Education
- Local Authority
- Atlas Multi Academy Trust
- School consortium
- Exam Board Moderators
- Centre staff including invigilators as necessary
- Parents of student
- UCAS
- Learning Records Service

This data may be shared via one of more of the following methods:

- Hard copy
- USB memory sticks
- CD/DVD recordings
- Post/Parcelforce Yellow Label service
- Email
- Secure extranet sites –AQA Centre Services; OCR Interchange; Pearson Edexcel Online; WJEC Secure Services; City and Guilds; CISI Financial Qualification
- Management Information System – Arbor MIS; sending and receiving electronic data interchange using A2C from awarding body processing systems.
- Personally by telephone conversations

This data may relate to exam entries, access arrangements, the conduct of exams and non-examination assessments, special consideration requests, exam results, post result services and certificate information.

Section 2 – Informing candidates of the information held

St Albans Girls' School ensures that candidates are fully aware of the information and data held and that awarding bodies may be required to provide personal data to the agencies listed in **Section 1**.

All candidates are:

- Informed via regularly updated policies (including the JCQ document Information for candidates – Privacy Notice, General and Vocational Qualifications, which explains how the JCQ awarding bodies process their personal data in accordance with the DPA 2018 and UK GDPR), on the school website, written request and via the Arbor MIS Portal.
- Candidates are made aware of the above in assemblies, via the school website and when qualifications are submitted to awarding bodies for processing.
- Candidates eligible for access arrangements which require awarding body approval are also required to provide their consent by signing the GDPR compliant JCQ candidate personal data consent form (Personal data consent, Privacy Notice (AAO) and Data Protection confirmation) before access arrangements approval applications can be processed online.

Section 3 – Hardware and Software

The table below confirms how IT hardware, software and access to online systems is protected in line with the DPA and GDPR requirements.

Software/ online systems Protection Measures – Password Protected

Refer to IT Policy for further details of data security measures, including rules for password setting, regular checks to Firewall/Antivirus software.

Section 4 – Dealing with Data Breaches

Although data is handled in line with DPA/GDPR regulations, a data breach may occur for any of the following reasons:

- Loss or theft of data or equipment on which data is stored
- Inappropriate access controls allowing unauthorized use
- Equipment failure
- Human error
- Unforeseen circumstances such as fire or flood
- Hacking attack
- ‘Blagging’ offences where information is obtained by deceiving the organisation who holds it
- Cyber-attacks involving ransomware infections

If a data breach is identified, the following steps will be taken:

1.	Containment and recovery
	<p>Mr P O’Neil will lead on investigating the breach.</p> <p>Refer to the GDPR Policy for details on how the breach will be investigated, including:</p> <ul style="list-style-type: none"> • who needs to be made aware of the breach and inform them of what they are expected to do to assist in the containment exercise. This may include isolating or closing a compromised section of the network, finding a lost piece of equipment and/or changing the access codes

	<ul style="list-style-type: none"> • whether there is anything that can be done to recover any losses and limit the damage the breach can cause. As well as the physical recovery of equipment, this could involve the use of back-up hardware to restore lost or damaged data or ensuring that staff recognise when someone tries to use stolen data to access accounts • which authorities, if relevant, need to be informed
2.	Assessment of ongoing risk:
	<p>The following points will be considered in assessing the ongoing risk of the data breach:</p> <ul style="list-style-type: none"> • what type of data is involved? • how sensitive is it? • if data has been lost or stolen, are there any protections in place such as encryption? • what has happened to the data? If data has been stolen, it could be used for purposes which are harmful to the individuals to whom the data relates; if it has been damaged, this poses a different type and level of risk • regardless of what has happened to the data, what could the data tell a third party about the individual? • how many individuals' personal data are affected by the breach? • who are the individuals whose data has been breached? • what harm can come to those individuals? • are there wider consequences to consider such as a loss of public confidence in an important service we provide?
3.	Notification of breach
	<p>Notification will take place to enable individuals who may have been affected to take steps to protect themselves or to allow the appropriate regulatory bodies to perform their functions, provide advice and deal with complaints.</p> <p>Where malpractice is suspected or alleged, personal data of any person involved in administering, teaching, or completing examinations/assessments will be provided to awarding bodies, the qualifications regulator (Ofqual) or professional bodies in accordance with the <i>JCQ publication Suspected Malpractice – Policies and Procedures</i>.</p>
4.	Evaluation and response
	<p>Once a data breach has been resolved, a full investigation of the incident will take place. Refer to GDPR and Freedom of Information Policy for details.</p> <p>The investigation will:</p> <ul style="list-style-type: none"> • Review what data is held, where and how it is stored • Identify where risks and weak points in security measures lie (for example, use of portable storage devices or access to public networks) • Review methods of data sharing and transmission • Increase staff awareness of data security and filling gaps through training or tailored advice • Review contingency plans <p>Section 5 – Candidate information, audit and protection measures For the purposes of this policy, all candidates' exam related information – even that not considered personal or sensitive under the DPA/GDPR, will be handled in line with DPA/GDPR guidelines.</p> <p>Refer to the GDPR Policy for full audit and protection measures</p> <p>Section 6 – Data retention periods Refer to Record Retention Policy</p>

Section 7 – Access to information

Current and former candidates can request access to the information/data held ~~on~~ about them. This means individuals can request information about them and their exam performance, including:

- their mark
- comments written by the examiner
- minutes of any examination appeals panels

A subject access request can be made to Mr P O’Neil, Chief Operations Officer, in writing/email. All requests will be dealt with within 40 calendar days. ID will need to be confirmed is a former candidate is unknown to current staff.

5. Third party Access

Permission should be obtained before requesting personal information on another individual from a third party organisation.

Candidates’ personal data will not be shared with a third party, unless a request is accompanied with permission from the candidate and appropriate evidence (where relevant), to verify the ID of both parties provided.

In the case of looked-after children or those in care, agreements may already be in place for information to be shared with the relevant authorities. Data Protection Officer will confirm the status of these agreements and approve/reject any requests.

Sharing Information with parents

The centre will take into account any other legislation and guidance regarding sharing information with parents (including non-resident parents), as example guidance from the Department for Education (DfE) regarding parental responsibility and school reports on pupil performance:

- **Understanding and dealing with issues relating to parental responsibility**
