School & Student Targets

Context, Support & Expectations

- Our role is to support and guide students as they embark on their adult learning pathway
- Students need to adopt a positive attitude in class and organise their home learning effectively
- They are also expected to think for themselves and ask questions
- The capacity to understand, explain, interpret and evaluate is much more important
- These skills can only be developed if students show an interest in their work and a determination to succeed

Support Trust Ambition Generosity Success
STAGS SIXTH

**STAGS
SIXTH**

Vision

- Blended form groups to encourage support, team building and engagement in the whole school community
- Ready for next steps - especially this term
- In Year 13, our students become more independent learners and take responsibility for their own progress
- Preparing for life Post 18 - it is our job to empower our young people to take charge of their future studies in a competitive world
- Enabling students to leave Sixth Form with the qualifications, skills and knowledge necessary for their next steps
- Taking charge of their future to be the change they wish to see in the world

Next Steps - What have we done?

- **Autumn 2022** Spring 2023: Introduction to next steps through Step-Up
- Spring - Autumn 2023 One-to-one meetings with form tutor for guidance & support
- **Summer 2023** Next Steps event: bespoke 3 day event including personal statement tutorials, multiple workshops for support for University, apprenticeship & employment
- **Summer 2023** training for subject teachers on the new UCAS referencing system
- **Summer 2023** Subject references completed by subject teachers
- **Google Classroom** sharing of free courses, advice, support & guidance
- **Step-Up** ongoing personal statement support & use of the platform
- **VESPA** form time support & guidance

Next Steps - What is left to do?

- **Personal statement draft 1:** 29 September to form tutor
- **Personal statement draft 2:** Subject specialist
- **Personal statement draft 3:** 3 November to Sixth Form Team
- **Personal statement draft 4:** Ms Taylor
- **UCAS:** Registered, with all accurate personal details completed
- **Careers Fair:** 1 November 2023
- **UCAS deadline:** 19 January 2024
- **February 2024:** Apprenticeship tool is live on the Government website
- **Step Up Lessons:** Apprenticeship focus & next steps
- **March 2024:** One-to-one meetings with form tutor regarding next steps
- **Leavers Day:** Fancy dress & celebrate!

It is normal to have 10 drafts! Don't worry!

Top Tips For Success

- Encourage your child to manage their time - make use of study support periods
- Ask to see their UCAS dashboard - how does it look?
- Encourage your child to ask for help - seek support where needed
- Study support groups - they really work
- Explore all the options available: degree apprenticeship, apprenticeship, University, employment...
- Create SMART targets
- Ensure work-life balance especially this term
- Encourage your child to use Google Classroom, it has so many useful resources!

An Important Time

Subject review - a one-to-one meeting between student & teacher to discuss progress

Mocks - pivotal to prepare for the public examinations, with a focus on exam skills & self-reflection for revision strategies

Next-Steps - embedded throughout form time, speaker programme, events, Step-Up & trips/visits

Communication - regular contact with parents, students and staff to ensure transparency

Attendance - correlates with available support from the Sixth Form team

Study support - timetabled to encourage greater work-life balance

Y13 Mocks and Exam Wellbeing

Mocks: w/c 13 November -24 November

- Every subject your child studies there will be at least x1 mock undertaken in exam conditions (for each unit/teacher)
- They will be full papers to give students the best experience
- Students will receive individual exam timetables prior to this period
- Results will be shared in class direct to students but a full report will be published on 21 December

Exam Wellbeing:

- Assemblies run prior to the mock period and formal examination period
- Exam boards have exam wellbeing information on their website. We recommend [Pearson- Exam Wellbeing Portal](#) , Mind , Childline and Youngminds all have exam anxiety information on their websites too
- Students will be offered the opportunity to attend Exam Wellbeing sessions lead by Wellbeing advisors at STAGS

UCAS Application Journey

Journey of an application

1. Apply online

The **UCAS Hub** is designed to help your child explore all their post-18 options in one central place. They can research subjects there and find courses in the search tool, where they can check entry requirements and application deadlines. They need to register and apply in the UCAS Hub.

2. Wait to hear back

Universities or colleges will decide whether to make your child an offer. It'll be:

- **unconditional** – if they've already met the entry requirements
- **conditional** – if the offer's based on exam results

3. Reply to offers

Once all the decisions are in, your child has to reply to their offers by a specific deadline.

- **Select a firm choice** – this is the first choice.
- If the firm choice is conditional, your child can select an **insurance choice** too, if they want – this is a back-up.
- Decline any other offers.

4. Find out if they've got a place

Your child will see in their application if their place is confirmed.

- **If the firm choice is unconditional**, the place is theirs.
- **If the place is conditional**, the university or college will update your child's status when they have their exam results, or other evidence they've met the conditions.
- **If they don't meet the conditions they may be unsuccessful** – in this case, they can use **Clearing** to apply for more courses.
- **If your child changes their mind** and no longer wants their firm choice, they can use the 'decline my place' button in their application to use Clearing to find another place. **More about declining a place.**

Heard of Clearing but not sure what it's all about? Here we share what you need to know and practical tips for supporting someone through the process.

What is Clearing?

Clearing is a way to get a university place if a student:

- doesn't get the grades for their firm or insurance choice
- hasn't received any offers
- has changed their mind and no longer wants to go to their firm choice
- applies after 30 June

What are degree apprenticeships?

A degree apprenticeship enables you to gain a full undergraduate or master's degree while you work. Degree apprenticeships take three to six years to complete, depending on the course level.

You'll spend most of your time working and you'll also study part-time at university. For example, you might go to university one or two days per week, or in short blocks, such as a week at a time. Overall, you spend about 20% of your time studying vs. 80% of your time working.

Degree apprenticeships work differently across the UK:

- **England and Wales** both offer degree apprenticeships, with the most options currently available in England.
- In **Scotland**, degree apprenticeships are known as Graduate Apprenticeships.
- **Northern Ireland** offers higher level apprenticeships (HLAs) that offer you qualifications up to Level 7 which is the equivalent of a master's degree. However, the majority are at Level 5 which is equivalent to a foundation degree.

- At the **start of any academic year** it is important that **Year 13 students focus on vision** and start **looking towards the end and their next steps.**
- Following on from student feedback, we have purchased a VESPA login specifically for sixth form students to use throughout the year as a **formal part of Form Time to complement other resources such as Unifrog, Massolit, MOOCs, Future Learn etc**
- The **whole point** of VESPA is to **provide students with the tools to maximise their potential, reflecting on their own individual needs, and working towards a more positive outcome in the future.**
- The makers of VESPA, Steve Oakes and Martin Griffin, wrote the book **‘The A Level Mindset’** (which is amazing!) and the VESPA Portal is very popular in many Sixth Forms across Hertfordshire as well as in the UK.

TIME MANAGEMENT

It doesn't matter how long I spend revising this stuff none of it seems to go in!

"If I just copy everything down then I will have everything I need. I don't want to miss anything and if it is in the textbook it must all be important!"

If I keep reading it over and over I will understand and then remember it!

Blended Learning

Blended Learning allows A Level students and teachers to make the most of every minute in the classroom.

Purpose:

- ★ Allow students to research within lessons
- ★ Completion of BTEC, NEA, Coursework efficiently, minimising the need to login into various devices
- ★ Analysis of class material within lessons, such as graphs, figures and text
- ★ Allow students to seamlessly link classwork to independent study

Deployment:

- ★ All students must have a personal device with them, ready to use in any of their lesson
- ★ Any device capable of running Google Chrome is applicable

Study Time

Students are timetabled 'supported study' as part of their compulsory lessons:

Purpose:

- ★ We aim to build a disciplined environment where students complete work during the school day, increasing freetime and work life balance outside of the classroom
- ★ Allows students to utilise school resources, such as the library and IT services
- ★ Allows subjects to develop learning without overpressuring students with additional home learning

Careers Fair - Wednesday 1 November

Our annual careers fair is a fantastic opportunity for students to gain a valuable insight into a range of employment options which can arise as a result of their academic achievements. Whether you are deciding to go to university, apprenticeship or straight into the workplace, the careers fair is very useful.

Date: Wednesday 1 November
